Dacia Services The Dacia Extended Vehicle Warranty

Coverage start date

The benefits of the Dacia Extended Warranty come in to effect from the date of expiration of the manufacturer contractual warranty, meaning the end of the 36th month following the date of registration as written on the Warranty and Services sheet, provided that the mileage limit of 60,000 miles has not been exceeded.

Duration & Mileage

The warranty extension begins from the date of first registration and includes the manufacturer's contractual warranty period. The mileage cover is counted from 0, regardless of the date that the contract commences. The warranty extension cover expires on whichever of the first limits is reached first.

Servicing

The Vehicle must be serviced according to approved Dacia standards as described to the Customer in the Owner's Handbook in order not to risk invalidating the Warranty should an incident be due to the lack of or quality of servicing.

Scope

- Benefits to the Customer:

- This warranty covers the cost of repair or replacement of defective parts to repair a material, assembly or manufacturing defect recognised by the manufacturer when carried out by a member of the Dacia Network. It also covers consequential damage to the vehicle resulting from the principal defect. It is up to Dacia, in consultation with the relevant Dacia Network member, to decide whether it is appropriate in the circumstances to repair or replace any faulty part. These benefits are provided at the sole discretion of Dacia UK Ltd. All requests for repairs will be considered properly, seriously and fairly, but Dacia UK reserves the right to refuse to complete any repairs requested:

- Emergency repairs or towing of the Vehicle to the nearest Dacia Network member.

- The Warranty does not cover:

- The indirect consequences of any fault (including but not limited to loss of business, length of time off the road)

- Any components of the Vehicle that have been changed following the Delivery Date and the consequences (including but not limited to damage, premature wear, alterations) of such changes on other parts or components of the Vehicle or on the Vehicle's specifications.

- Any routine servicing agreed with the Customer on purchase of the Vehicle, recommended by Dacia, detailed on the Warranty & Service Sheet (provided by the Dacia Dealer) or which the Customer chooses to undertake.

- The replacement of parts damaged as a result of normal wear and tear. This includes (but is not limited to) items such as brake and clutch friction materials, exhausts, wiper blades and trim. However, such items are covered if replacement is required as a result of manufacturing or material defect.

- The damage resulting from poor Vehicle maintenance, especially when any instructions concerning the treatment, servicing frequency or care to be taken with regard to the Vehicle detailed on the Warranty & Service Sheet or in the Owner's Handbook have not been observed.

- Damage caused by the following:

- Accidents and resulting impacts (including without limitation) scratch marks, chipping caused for any reason

- Failure to comply with Dacia's recommendations as advised to Customers in any medium from time to time

- Effects associated with atmospheric pollution, effects of plant resin, effects of animal pollutants such as bird droppings, effects of chemicals

- Damage caused by events beyond Dacia's reasonable control, including but not limited to:

Lightning, fire, floods, earthquakes, acts of war, terrorism, civil commotion, sabotage, vandalism, acts of God, riots and attacks.

How does the Warranty work?

- To benefit from the Warranty, the Customer must:

- Make sure the Warranty & Service Sheet does actually show the Delivery Date for the Vehicle on which entitlement to the Warranty depends.

- Go to any member of the Dacia Network and authorise it to carry out work covered by and detailed in the Warranty.

- Present the Owner's Handbook with the Service records duly filled in, justifying the entitlement to warranty and to show that the servicing operations recommended by Dacia have indeed been carried out.

- Have one of the Dacia Network workshops record or point out in writing, as soon as possible, any fault covered by the Warranty. If the Vehicle is off the road and cannot be driven to a Dacia Network member, the Customer shall contact the nearest member of the Dacia Network or contact Dacia Assistance and request assistance with transporting the Vehicle to where it can be dealt with.

- Fleet, vehicles that are used for hire or reward (e.g. taxi or driving tuition), for road-racing, rallying, or any other competitive event.

Important Points to Note

- The Warranty does not apply and Dacia and the Dacia Network members are not held responsible when:

- The Vehicle has been used under conditions that do not conform to those stated in the Owner's Handbook, the Warranty & Service Sheet and these Warranty Terms and Conditions (for example: overloading or the vehicle has been entered in any sort of sporting competition).
- The fault recorded relates to the fact that the Vehicle has not been repaired, maintained or serviced to the standard recommended by Dacia.

Compliance with Recall Notices

In the event that Dacia contacts the Customer directly in respect of product safety recalls and quality realignment notices, these must be complied with in full. Failure to comply will invalidate the Warranty for any particular incident or claim relating to the product safety recall or quality realignment notice.

Duration

- All parts and labour services supplied under the Warranty are guaranteed under the terms of the Warranty until it expires irrespective of when during the Warranty period any parts and/or labour services are supplied (for example, if a spare part is supplied free of charge under the Warranty in the 34th month of the Warranty period, it will only be covered under the Warranty until the expiry of the Warranty up to the limit of coverage shown on the extended warranty certificate).

Ownership of Parts replaced

- In return for the replacement parts fitted by Dacia under the Warranty, the part(s) replaced within the scope of the Warranty rightfully become the property of Dacia and the part(s) may be retained by the Dealer.

Transfer of ownership of the Vehicle

- Transfer of ownership of the Vehicle does not alter the terms and conditions of the Warranty.

Geographic Coverage

- Outside the country of purchase, the Warranty will be valid under the same conditions as in the country of origin as long as the Vehicle is driven and remains registered within the geographic zone covered by the Warranty set out on page 1.
